4th September

Club Meets
7 30 pm
First Wednesday
of Month

The wattles are out, it must be Spring !

This echidna was
spotted near
Ouyen.

Webster's Lagoon Walk and Frog Id

Saturday 7th September

2pm –leave from the Mildura Information Centre on 180-190 Deakin Ave

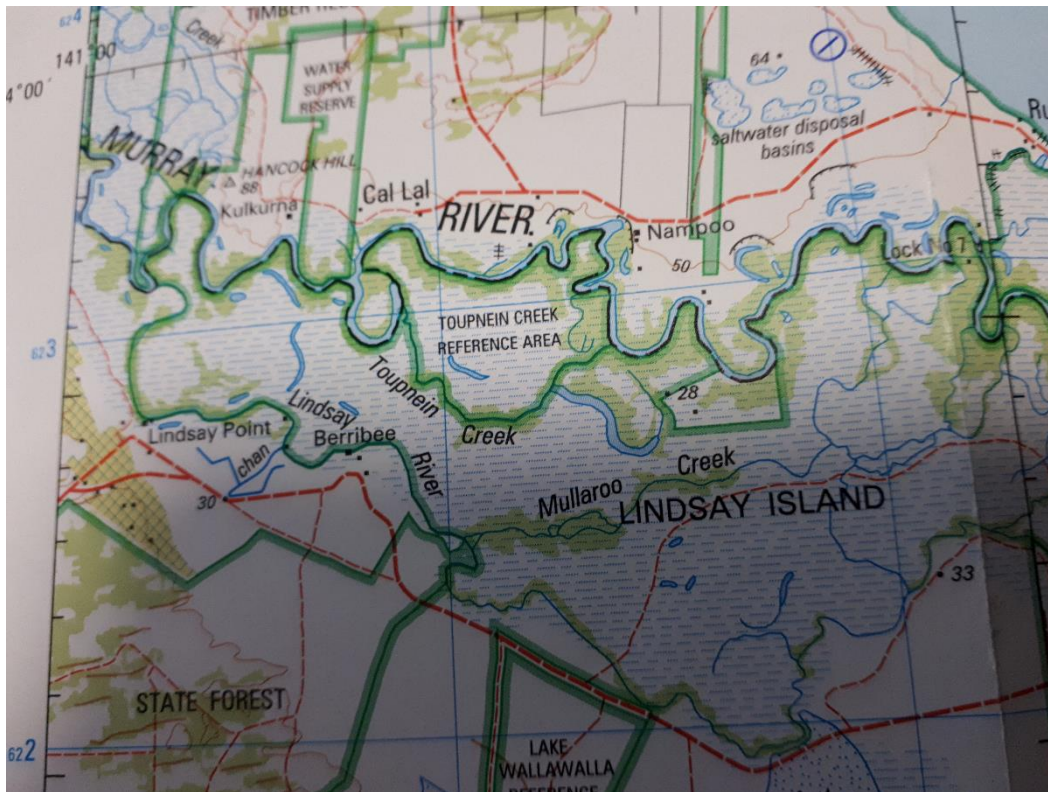

4pm – arrive at Websters Lagoon, walk for 2 hours.

6pm – dinner

7:30pm – get on the bus and drive back to Mildura Information Centre at 9:30pm.

Camping is available and the evening meal will be catered by the Mallee CMA.

The watering of the Lagoon should ensure plenty of frogs, so Susan suggests downloading “Frogid” to participate in the identification and monitoring of frogs on the night.

Travel out the A20 to Ned's corner, turn toward the river and Left onto the Old Mail Rd.

Proposed Walk

Destination: King's Billabong

Peter led a cheerful group in
August for our short walk around
King's Billabong.

The weather was brisk, but
perfect for bird watching,
We thank Jenny Wall for her
photo of a reed warbler.

Don't scare the bird!

Diana Holt, Margaret Jackman, Peter Rhodes, Jenny Rhodes, Kim Mc Grath.

Calendar 2019

Month	Date	Activity	Coordinators	Comments	Grade
September	7th	Mallee CMA Websters Lagoon	Susan Saris	Camp or day participation Frog Id Contact Susan by 18- 8-19	Easy

	23 - 24	Howqua Area Alpine National Park	Parks Victoria Nigel Watts		Track Maintenance

Grampians Trip

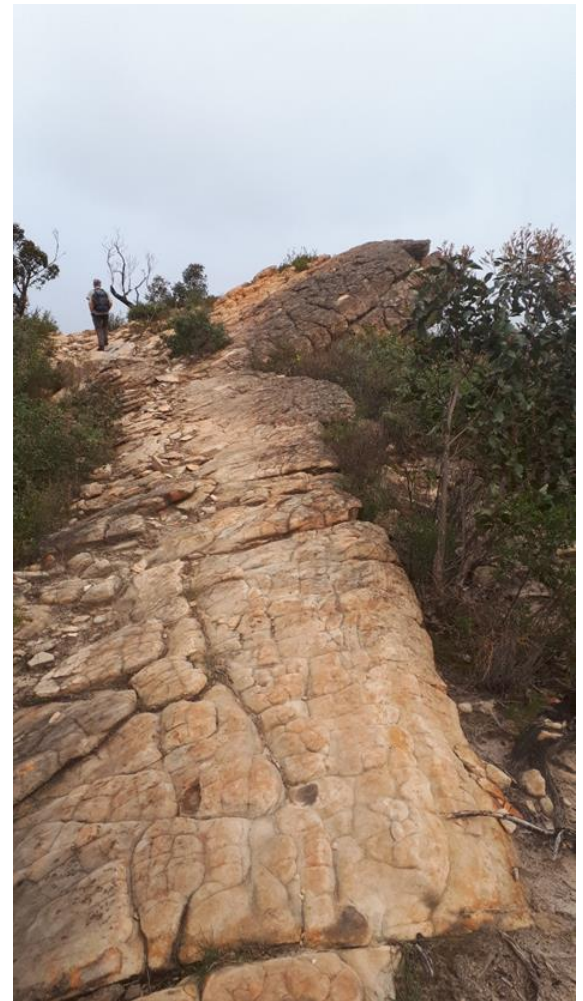

Meryl and Karl led the trip to the Grampian's again this year, planning walk's to Brigg's Bluff which showed the diversity of the Grampians, and of the hiking available. The walk passed Bee Hive waterfalls, and along rocky paths, but the view from the top was worth the challenges.

The weather was warmer than on the camp last year, and the plants had responded by flowering.

Mt Stapylton camp ground was again chosen as the base, and even around the camp site the orchids were flowering.

Green Capped orchid
